## Child Safeguarding Statement

The mission of the Heritage Council (HC) is to ensure that our heritage is nurtured, managed and conserved to enrich the lives of people now and in the future. In order to secure a legacy of appreciation for the intrinsic value of heritage, it is essential to engage children and young people with the natural and cultural heritage that surrounds them.

### **SERVICE BEING PROVIDED**

The HC offers services to and for children for the purposes of engagement and education through the provision of the Heritage In Schools (HIS) Scheme. This education programme provides a panel of 140-160 Heritage Specialists and facilitates visits to primary schools nationwide. The aim of this scheme is to promote the outdoor classroom and encourage both teachers and pupils to engage with their local heritage in a hands-on, interactive and meaningful way. In response to the COVID-19 pandemic an online programme was developed to facilitate schools during times when in-person visits may not be possible. The HC also engages with young people through Heritage Officer projects, other education and grant aided projects, consultations and focus groups.

### **PRINCIPLES TO SAFEGUARD CHILDREN FROM HARM**

The HIS Scheme operates according to the key principle that the welfare of children is of paramount importance. It is our policy that any group or organisation that receives support from the HC and provides services to children must comply with the HC's child protection policy and procedures. The HC is committed to ensuring, so far as is possible, that children are protected from harm while in the company of HC staff, HIS Specialists or with those working on behalf of the HC. In order to foster a culture of safety that promotes the welfare and protection of children, the HC has put in place a standard reporting procedure for dealing with disclosures, concerns or allegations of child abuse. The safety and well-being of the child must take always priority.

The HC undertakes to fulfill its statutory obligations under the Children First Act 2015 and to adhere to the *Children First: National Guidance for the Protection and Welfare of Children*.
